# KICK IT OPEN

Words by Jeannette Sears, Music by Pete Sears

## VERSE

Dm

Evil lines up on one side

Dm

You can see it plain as day

Dm

When you go into a backslide

Bb

Dm

Then the devil's on his way

Dm

The damage-doers march in

Dm

Barge in, kick down the door

Dm

But the healer asks permission

Bb

To start his mission, follow his vision

Bb

Dm

Leave you wanting more

## CHORUS

Dm

I heard people chanting

Bb

Dm

Someone else recanting

C

Dm

Damage done as the word is spoken

# KICK IT OPEN

F C  
Takes so long to heal the broken  
Bb Dm  
If the door is locked, kick it open

## VERSE

Don't you let him lure you  
Up to his mountaintop  
When he says come follow me  
You know it's time to stop

Cause he's a breaker of hearts  
Smasher of bones  
Gonna grind you up and eat you  
Spit you out alone

## CHORUS

I heard people chanting  
Someone else recanting  
Damage done as the word is spoken  
Takes so long to heal the broken  
If the door is locked, kick it open

SOLO (Over Verse 1 & 2)

## VERSE

Heed the voice that whispers low  
Don't tell you where to go  
Says he doesn't know  
Just let the visions flow

Listen for the song  
In the howl of a lonely beast  
Guitar moaning in the cavernous city  
Angels speaking through the least

## CHORUS

I heard people chanting  
Someone else recanting  
Damage done as the word is spoken  
Takes so long to heal the broken  
If the door is locked, kick it open

## OUTRO

Bb Dm  
If the door is locked, kick it open  
Bb Dm  
It takes so long to heal the broken  
Bb Dm  
Healing starts when your heart is open
